

Culture and Leadership Clubs

CARE Club

Children who Believe In
Acceptance
Respect and
Equality for all

CARE club's began with an idea. To provide children the opportunity to learn about various cultures and world issues and through education inspire their creativity in working to incite change at any level.

CARE clubs are for any age group and can be planned during school time, lunches or an after school project.

CARE clubs are a great opportunity to raise awareness in school as well as teach students the value in leadership as CARE clubs often take up a cause and run with it.. The Olds Elementary CARE club were inspired to make a difference and together raised \$20,000.00 to build a well, a school and create an alternative income project in Bagad, India. A shining example of how *you're never too young to make a difference.*

Adult Professional Development

Cross Cultural Communication

Cultural Programming for Schools

Since 1979, The Central Alberta refugee Effort has been assisting the settlement of refugees and immigrants to the Central Alberta area.

This success of the last 30 years are made possible by the wonderful citizens of Central Alberta. The public Awareness program was created to keep central Alberta aware of, and active in helping us achieve our goals.

The public Awareness program has grown to over 700 presentations a year and we would like to be a part of your schools cultural growth and acceptance.

Our programs are free, fun and meet many of the educational requirements of the Alberta Learning Curriculum!

The C.A.R.E Difference

What sets us apart is our Volunteers. CARE is lucky to have amazing volunteers from all over the world who are willing to share their culture, stories and experiences with your students. Whenever possible, we bring them along to enhance learning and understanding.

Human Rights & Freedoms:

Students will explore human rights and freedoms by examining relevant news stories, history and comparing Canada with other countries.

Democracy around the world:

Students will explore the democratic process in Canada by comparing our constitutional monarchy with other systems around the world.

Refugees- An Introduction: Students will be introduced to the world of a refugee from reasons to leave to the struggles of settlement.

Refugees- Meet the People, Hear

Their Stories: With ample notice, CARE will try to bring along a cultural Consultant Volunteer who will share their stories of settlement and struggles.

Citizenship: Students will explore Canada's citizenship process and take a sample Citizenship test to see where their knowledge stacks up.

Exploring Immigration: Students will become a part of Canada's immigration process and learn the ins and outs of immigrating to Canada.

Meet a Newcomer: Students will be introduced to a recent newcomer to Canada to hear their stories and learn about their experience immigrating to Canada.

Working towards Inclusion:

Students will be challenged by different activities that build an understanding and awareness of the importance of inclusion.

Anti Bullying / Anti Racism: This program focuses on the Bully, the Bullied and the Bystander. All 3 roles are examined by discussion, activities, role playing and examples.

You Can Make a Difference!: This presentation focuses on examples of young people (6-12) that have made differences globally. Students are challenged to examine their lives and make differences locally or globally.

Custom Designed Programming

CARE is also able to create presentations for your specific needs. We've presented at school assemblies, teacher conventions, conferences small groups and many other locations.

If you have a dream event or program you'd like us to attend or host please let us know, we are happy to be involved and apply our experience to make sure it's the best event or presentation possible!
